

Ouse Washes Flood Storage Reservoir

Update

March 2023

Middle Level Barrier Bank

Following our update in January 2023.

During the autumn reservoir inspection, our engineers identified cracks in the embankment between Welney and the A142 Mepal, following the prolonged period of hot, dry weather.

We undertook repair work throughout January and February and has now been complete. We will continue monitoring of the repaired cracks monthly until December 2023.

Our contractor Jackson Civil Engineering will start demobilising from the site and compound area in Welney from Monday 6 March, this will take approximately 1 week.

We will continue to carry out regular inspections and maintenance of the bank and monitor the grass growth for the next 2 years until the reservoir engineer gives a final sign-off in autumn 2024. This will include regular grass cuts, surveys and repairs to damage that may happen over the winter months.

Public footpath

The Middle Level Barrier Bank will remain open.

Please continue to be careful when accessing and walking on the bank and stay away from the patches of grass that haven't grown fully yet.

Keeping your community up to date

We would like to thank you for your co-operation and patience, and we will continue to work with you and the community to minimise disruption.

Our Public Liaison Officers will continue to keep you updated during the maintenance period of the project. If you have any questions or concerns, please contact our Public Liaison Officers: Monica Stonham or Yazmin Parry via email ousewashesprojectea@gmail.com
